

Privacy Policy & Imprint

GoTogether

Last updated: June 2026

This Privacy Policy explains how GoTogether (“we”, “us”, “the App”) collects, processes, stores, and protects personal data. Users can always view the latest version of this Privacy Policy within the app. We reserve the right to update this Policy at any time.

2. What Personal Data We Collect

Sign in with Apple

- Apple email address (may be private relay)
- Apple user identifier

Profile Data

- Display name
- Birthdate (age calculated dynamically)
- Nationality
- Instagram handle (optional)
- Avatar image

Selfie Verification

- Verification selfie (stored temporarily in private AWS-based Supabase storage)
- Status (unverified / waiting / verified)

Friends & Social Connections

When two users mutually follow each other (e.g. after meeting through a shared event group chat or community chat), a friendship is created. We store:

- Follower ID and followed ID
- Connection timestamps

Direct Messages (DMs)

Friends can exchange one-to-one messages. A DM conversation is created when the first message is sent. We store:

- Sender ID and recipient ID
- Message content
- Timestamps (sent and read status)

Community & Group Chats

Users can join public chats (city- or topic-based) or create their own community chats. We store:

- Messages sent and timestamps
- Chat category and configuration
- Membership data (joined_at, left_at)
- Creation date and meeting times

Invite Links

Users can generate and share invite links for community chats. Redeeming an invite link may also create a friendship. We store:

- Invite links and invite codes
- Redemption records (who redeemed a code, and when)

Post-Event Surveys

After an event, users may optionally complete a short survey. We store:

- Attendance (yes / no)
- Group size
- Rating (1–5) and optional comment
- Event reference and user ID

Reports

- Reporter ID
- Reported user ID
- Message ID
- Room ID
- Report text

Deal Redemptions

- Non-monetary in-app currency redemption history associated with deal instances.

3. Data We Do Not Collect

We do not collect device identifiers, tracking IDs, analytics data, financial or payment data, contact lists, or advertising identifiers. The App contains no in-app purchases, subscriptions, or third-party advertising or tracking SDKs.

4. Legal Bases

- Contract performance (Art. 6(1)(b) GDPR)
- Legitimate interests (Art. 6(1)(f) GDPR)
- Consent for optional fields (Art. 6(1)(a) GDPR)

5. Why We Process Data

We process data only to operate authentication, profile creation, verification, event discovery, friendships, direct messaging, community and group chats, invite links, post-event surveys, moderation, safety systems, and non-monetary deal functionality.

6. Data Storage & Security

Data is stored on Supabase infrastructure located in the EU (Frankfurt) and hosted on Amazon Web Services (AWS). Private buckets, row-level security, and encryption are used.

7. Account Deletion & Retention

Users can request deletion of their account directly in the app under Settings. A deletion request triggers immediate deactivation. After 30 days, automatic hard deletion occurs. Reports may be retained only where legally required.

8. Bans

If banned, login is blocked and active sessions are terminated. The Apple ID prevents re-registration. No device tracking is used.

9. Guest Mode

No personal data is collected. Guest users cannot access social features.

10. Data Sharing

We do not sell or rent data. Only Supabase (AWS infrastructure) processes data on our behalf. Law enforcement access is granted only upon a valid EU legal request.

11. Cross-Border Transfers

All data is stored in the EU; no international transfers take place.

12. User Rights

GDPR rights apply (access, rectification, erasure, restriction, portability, and objection). Contact hello@gotogether-events.app to exercise your rights.

13. Changes to This Policy

Users can view the current version anytime in the app. We may update this Privacy Policy at any time without prior notice.
